

**Assignment – 20**  
**Changing Values through Views.**

1) Which of these views are updateable (will allow DML operations)?

- #1      Create View Dailyyorders  
         as Select Distinct cnum, snum, onum, odate from Orders;
- #2      Create View Custotals  
         as Select cname, Sum (amt) Sum\_Amt from Orders, Customers  
             where Orders.cnum=Customers.cnum  
             Group by cname;
- #3      Create view Thirddorders  
         as Select \* from Dailyyorders where odate="1990-10-03";
- #4      Create view Nullcities  
         as Select snum, sname, city  
             from Salespeople  
             where city is NULL  
             OR sname BETWEEN 'A' and 'MZ';

2) Create a view of the Salespeople table called Commissions. This view will include only the snum and comm fields. Through this view, someone could enter or change commissions, but only to values between .10 and .20.
